SUMMARY

I am a Software Engineer with a history of business leadership, customer satisfaction, and many abilities including HTML, CSS, and Javascript. As a graduate of the UC Davis Coding Bootcamp, I'm currently pushing myself to apply my experience with embracing challenges and providing the best product available. As a business manager, I was able to raise profits by 15% in 2019 while training and leading a team of employees. As a Software Engineer, I bring excellent communication, time management, and planning skills as an experienced leader. I am prepared to push myself, grow, and build phenomenal applications that exceed client expectations.

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript

EXPERIENCE

Assistant Manager   2015 – Present
The Sandwich Spot   Yuba City, Ca

Responsible for day to day operation of the business and training new employees to represent the business to the best of their abilities.

Key Accomplishments:
- Took over management of the store so that owners can live off-site and not have to worry.
- Raised profit income by 15% in 2019.
- Trained over 10 employees to successfully represent our values

Closing Manager   2017 – 2018
Steele House Coffee   Yuba City, Ca

Responsible for the preparation and serving of beverages for customers as well as cleaning and securing the building at the end of the night.

Key Accomplishments:
- Helped train all new employees
- Helped start the business and prepare to bring a new small business to our little town
- Launched a successful business to grow and succeed when I left it

Administrative Assistant   2014 – 2015
The City of Live Oak   Yuba City, Ca

Responsible for helping citizens with issues and payments regarding their accounts with the city while planning events and overseeing the local public pool

Key Accomplishments:
- Organized city events to operate without any complications.
- Developed flyers and other advertisements for upcoming events and organizations.
